

THE Steel Giant Grubber

Which has proved so successful in clearing land of lantana was introduced by the PACIFIC HARDWARE COMPANY, LIMITED, a little more than a year ago and has the endorsement of those who have used it.

The several invoices of Grubbers already received have been disposed of so promptly on arrival that they have not been advertised.

A few of the No. 2 size are now in stock and a supply of No. 1 are expected at an early date.

Any one interested in freeing his land of lantana should correspond with the

NO FISHING IN HARBOR

Health Safeguard Remains In Force.

NEW PHYSICIAN FOR MOLOKAI

Expert Will Come Later—Goodhue Appointed—Rules for Hilo Fish Market.

The Board of Health yesterday refused to rescind its former resolution prohibiting the taking of fish from Honolulu harbor and other points near the city, and has taken under consideration a proposition to further restrict fishing on the waterfront. Petitions were introduced at the last meeting from Victoria Ward and from residents of Kailua and Iwilei objecting strenuously to the order and upon these a report was made yesterday by Dr. Sloggett and Dr. Moore after a conference with Dr. Cofer of the United States Marine hospital service. This report is as follows:

Your committee, appointed at the last regular meeting of this board, to confer with Dr. Cofer of the Marine Hospital as to the advisability of repealing or modifying the board's regulation prohibiting the taking of fish or any products of the sea between Sheridan street and the reef on the Waikiki side, and Kailua stream and the reef on the Ewa side, including Honolulu harbor, beg respectfully to report that in consideration of the spread of cholera in the Orient generally, the time is most inopportune for relaxing these rules of the board, made in the interest of public health and safety, and your committee believe it would be very unwise at present to permit taking products of the sea in the prohibited area, and they furthermore believe the public health would be endangered by so doing.

Dr. Cofer fully concurs with your committee in this opinion.

Respectfully,
H. C. SLOGGETT,
W. L. MOORE.

The report of the committee against any relaxing of these rules was unanimously adopted and it was further suggested that the limits be extended so as to take in all fishing grounds up to Diamond Head. But one man is now detailed to enforce this order against fishing in the harbor and he has a hard time trying to prevent its violation. The resolution providing for the extension of the limits to Diamond Head went over until the next meeting.

NEW PHYSICIAN FOR MOLOKAI

Prior to the opening of the meeting the Board of Health voted upon the appointment of a resident physician at Kalaupapa to succeed Dr. French who is temporarily at the settlement. Dr. W. J. Goodhue of Elelee, Kauai was the unanimous choice of the Board and he will go to Molokai as soon as notified of his appointment. The new physician is said to be very clever in his profession, and desirous of making a special study of leprosy. At present he is located at Elelee where he is engaged as physician for the plantation and is also in private practice.

The Board has not given up hopes of securing a specialist to study leprosy and correspondence is still being had with members high in the medical profession with that purpose in view. Dr. Goodhue will be retained at the settlement and assist in the work of the bacteriologist when one has been secured from abroad.

NO NEW CEMETERY.

The Board of Health decided against the establishment of a new cemetery at Kalaupapa, the committee reporting that the proposed site was near a running spring, from which the water might soon be taken by the government, and the drainage from the cemetery was liable to pollute it. The site also drains towards the inhabited portion of the city, and it was thought that the location of a cemetery in such a place would be dangerous to the health of the community.

DUCK PONDS AGAIN.

City Sanitary Officer Tracy reported on the complaint of Beach Road residents as follows:

Honolulu, H. T., August 1, 1902.
Dr. H. C. Sloggett, President Board of Health:

Sir:—On the matter of the ditch complained of by the residents of the Ala Moana or Beach road I beg leave to report as follows:

The ditch or stream is about thirty feet wide and extends from the bridge on the Beach road along the Ala Moana for about 200 feet to John Ena's premises. It forms the lower end of the Punaloe stream and is affected by the tide. The nuisance is a very offensive odor which is most noticeable at evening when the tide is low.

After a thorough investigation I am satisfied that while the tide may bring in more or less vegetable matter which would be left at low tide, that the main cause of the nuisance are the four duck ponds with their thousands of ducks. All the ponds drain into this stream and all waste and sewage matter from the ranches is allowed to discharge into the water and the ducks keep the mud and filth constantly stirred up. Besides this the ducks destroy all the vegetation in and on the water and thus do away with nature's purifiers.

In my opinion the removal of all the ducks and ranches would solve the difficulty.

Respectfully,
C. H. TRACY.

The matter was referred back to Mr. Tracy with a request that he notify Mr. Ena of the nuisance with a request for its abatement.

HILO FISH MARKET.

A set of rules and regulations for the

market was read and referred to a committee consisting of Mott-Smith, Moore, and Sloggett. Sheriff Andrews suggested that the wholesale market do only a wholesale business, and the retail market sell only at retail. Peddling of fish in Hilo is to be entirely prohibited. Dr. Reid of Hilo who was present expressed himself as favorable to the rules suggested by Andrews.

WANT PAY FOR FUNERAL.

A letter was read from Dr. P. R. Waughop of Kaula enclosing a bill for burial expenses of a Japanese found dead on the road in that district. The bill was referred to the Japanese Consul.

RAT CHEESE.

Benson, Smith & Co. offered free to the Board a case of rat cheese which was said in the letter, to be greatly relished by the rodents, and to be also a sure means of their death. The rat cheese is said to have been effective in Bombay, Calcutta, South Africa and other places, and the Board decided to experiment with the poison. The case of rat cheese was accepted with thanks.

THANKS FROM KALAWAO.

A letter of thanks was received from the Kalawao residents at the settlement, for the consideration shown by the Board in not causing their removal to Kalaupapa.

ORIENTAL HEALTH.

Dr. Cofer's report on health conditions in the Orient was as follows: July 18, two cases of cholera at Kanagawa; July 9th, one death from cholera at Tokyo; two cases of cholera at Nagasaki, no deaths; July 15th, cholera epidemic in Shanghai, one new case of small pox and twenty-nine deaths from that disease; July 13 215 cases of cholera in Amoy; July 24th, seven cases of cholera and five deaths from cholera in Kobe; July 12th, eleven cases of cholera and seven deaths at Hongkong; one death from small pox and one new case, sixty-two cases of plague and fifty-one deaths. Dr. Cofer further reported that despite the precautions of the Japanese health authorities cholera was spreading in Japan, and Honolulu could not be too careful in the matter of public health and safeguards to prevent the entrance of the disease.

BY AUTHORITY.

SHERIFF'S SALE NOTICE.

Under and by virtue of a certain execution issued by A. S. Humphreys, Circuit Judge of the Circuit Court for the First Judicial Circuit, on the 7th day of July, A. D. 1902, in the matter of Harvey R. Hitchcock et al., plaintiffs, vs. Frank Hustace et al., defendants, I have, on this 12th day of July, A. D. 1902, levied upon and shall expose for sale and sell at public auction to the highest bidder, at the police station, Kakaia Hale, in Honolulu, Island of Oahu, Territory of Hawaii, at 12 o'clock noon of Thursday, the 14th day of August, A. D. 1902, all the right, title and interest of Frank H. Foster, one of the defendants in the above entitled cause, in and to the following described property, unless the sum of thirty-nine thousand seven hundred and eighty-one and 88-100 dollars decreed in said cause, interest, costs and my expenses are previously paid:

Lot 30 of Pawaas tract, portion of Grant 177, 10,480 square feet, conveyed to H. Foster by deed of W. C. Achi and wife, May 8th, A. D. 1899, as of record in Vol. 194, page 149.

Land at Kumu, Molokai, 4.49 acres, L. C. Award 5045 B, Royal Patent 2079, to Kuluia, and conveyed to F. H. Foster by B. Cartwright by deed dated May 8th, A. D. 1899, recorded in Vol. 191, page 467.

1465 assessable shares of Kamalo Sugar Company's stock, \$6 paid in.

CHAS. F. CHILLINGWORTH,
Deputy Sheriff, Territory of Hawaii,
6229 July 14, 25, 31—AUG. 7, 14.

NOTICE.

KNOW ALL MEN BY THESE presents: That we, the undersigned, have this day, by mutual consent, dissolved the partnership, heretofore known as the PEOPLE'S EXPRESS & DRAY COMPANY, of Honolulu. M. T. Marshall will hereafter conduct the business alone, under the name of the PEOPLE'S EXPRESS COMPANY, at the old stand, 137 Merchant St., Honolulu. Telephone Main 150.

All bills due the late firm shall be paid to H. W. Green, who will pay all claims against the same.

Honolulu, August 4th, 1902.

RICH LAND

—IN—
Central Kona
FOR SALE

By order of REINNE BODANET, Trustee, I offer for sale those certain parcels of land situated at Onouli, South Kona, Island of Hawaii, described in Royal Patent (Grant) No. 1162 to F. O. Schulze, and containing 174 acres. Royal Patent (Grant) No. 2862 to A. A. A. and containing 133 75-100 acres, situated at Keopuka and Onouli, Island of Hawaii.

This is a tract of land of over 318 acres, situated in the most fertile and richest portion of the Island of Hawaii. It faces the new Government road, extends to the sea, and is five minutes' walk from Kealahou Bay, by way of the old Government road which runs through the property. Portions of the land are already under cultivation.

This tract is so situated that it is about midway between Kailua and Hookea, and five miles from Napoos, three most important ports of the Kona district. It has sufficient elevation, running up to fourteen hundred feet, to be particularly healthful, and its soil is well adapted to the growth of sugar cane, coffee, fruits, dairy, or for the promotion of diversified farming.

Occupants of this land have easy access to several ports for export and with the advent of the new railroad will find themselves in close communication with the thriving city of Hilo. This, of course, affords a splendid opportunity for the exporting of farm products to the California markets.

With the revival of the Kona Sugar Co., considerable portions of this land can be successfully planted to sugar cane.

This is one of the most splendid opportunities for a good investment that has been put upon the market for a considerable period of time.
